71st Annual Report

CITY OF RUTLAND, VERMONT

THE PLEDGE TO THE FLAG

*I pledge allegiance to the Flag
of the United States of America
and to the Republic for which it
stands, one nation, under God,
indivisible, with liberty and justice
for all.*

Foreword

Each year a concise yet comprehensive accounting of the City's business and activities is published for you—the stockholders in the City of Rutland. This report is for your use. Give it the same careful consideration and study you would give to your own business.

Original approved bills supporting expenditures are on file in the City Clerk's Office and cancelled checks on file in the office of the City Treasurer. Any interested citizen is welcome at any time to call at the City Hall and examine vouchers and cancelled checks.

The youth of Rutland in particular are urged to read this book and to study city government, for on the shoulders of today's youth rests the well-being of the Rutland of tomorrow.

The Administration desires to express appreciation for co-operation given it and again to urge citizens to attend the bi-monthly Council Meetings.

EDWIN W. LAWRENCE RECREATION CENTER

Dedication

EDWIN W. LAWRENCE

* * * * *

In January 1963 Mr. Lawrence, by a gift, enabled the City of Rutland to acquire the former Mead Community House and Gymnasium situate on the southeast corner of Center and Court Streets. Repairs and renovations were and are being made, also through his generosity.

The Citizens of Rutland negated the purchase by the City of the premises by vote in a previous election. However, recognizing the City's need therefor, particularly for its children but also as a facility for the center of activities of all senior citizens, Mr. Lawrence made his gift to the City.

In grateful appreciation we take pride in lending a further sense of dignity to this publication by honoring Mr. Lawrence in this dedication.

As the property was purchased by the City from the Congregational Church of Rutland by virtue of the gifts to the

City by Mr. Lawrence, it has been renamed "Edwin W. Lawrence Recreation Center."

These gifts are in a long list of donations and philanthropic endowments.

Edwin W. Lawrence was born March 27, 1881 at Rutland, Vermont. An A.B. Degree Cum Laude Phi Beta Kappa from the University of Vermont was conferred upon him in 1901. He was admitted to the Vermont Bar in 1902; to the Bar of the United States Supreme Court in 1906, wherein he has had a considerable practice, especially when he was in the office of the Attorney General of the United States and to the Bar of New York State in 1906.

In 1902 he was appointed Clerk in the Office of United States Senator Redfield Proctor and lived mostly in Washington until 1908. While there in 1903 he became Assistant Attorney in the Post Office Department and later Assistant Attorney in the Department of Justice and a Special Attorney to the Attorney General of the United States.

In 1908 he returned to Rutland as General Attorney for the Rutland Railroad and retained that position until September 1, 1960. During those years he was also in general practice.

He was elected Rutland County Senator for the Legislative sessions of 1923 and 1925. For many years he was elected and served as a trustee of the University of Vermont.

For a long time he has been and now is a Director of Central Vermont Public Service Corporation and The Vermont Bank and Trust Company and its predecessors, the Killington Bank and Trust Company, of which he was Vice President, and the Rutland Trust Company, of which he was President. He has been a Director of the Vermont Electric Power Co. Inc. since its organization.

He has been a successful businessman and given much to charity. Very substantial gifts have been made by him to the University of Vermont and Middlebury College for support and activities of debating organizations and speech departments and to charities in Rutland.

The honorary degree of Doctor of Laws has been conferred upon him by the University of Vermont and Middlebury College; also Distinguished Alumni Awards by the University of Vermont and Tau Kappa Alpha, a National intercollegiate debating organization.

Throughout his years Mr. Lawrence has been a very hard worker. He has engaged in and been successful in many private business enterprises as well as the general practice of law, in which he is still engaged.

The City and all its citizens take great pride in recognizing by this dedication, one of its truly great and honorable first citizens.

Excerpts From History

(Taken From History of Rutland, Courtesy Rutland Herald)

Rutland is a crossroads community of nearly 20 thousand about in the center of a wedge-shaped section of land known as Vermont. The Indians used it as their hunting ground. Champlain first claimed the region for France when he sailed south in July 1609 on the lake that bears his name.

Rutland as a named community dates from September 7, 1761 when Benning Wentworth, Royal Governor of New Hampshire, signed its charter in the name of King George III.

The town by 1774 had a population of 35 families which included Zebulon Meade, brother of James. Captain John Smith was elected first town clerk.

The earliest sidewalks were wooden planks laid on trestles well above the mud. There may have been stepping stones to help the fastidious dry shod over the worst spots but not until the quarries were open in West Rutland would the marble slabs replace the wooden planks which the new selectmen warned, "No person shall drive or ride a horse or other beast upon except to cross; penalty 50 cents."

In 1840, the decade before the railroads came, the census reported a population of 2,708. In the town were 16 schools and 963 scholars. There were 475 horses, 2,518 cattle, 28,332 sheep, 1,017 swine. Wheat production was 3,708 bushels, barley 8, oats 15,722, rye 2,199, buckwheat 915, Indian corn 19,347, potatoes 48,193 bushels, hay 10,025 tons, sugar 51,833 pounds and wool 69,902 pounds.

The era of franchise rivalries for railroads began in earnest in 1845. In quick succession charters were granted to run a railroad from Rutland to Bennington; then from Rutland to Whitehall and later from Rutland to Burlington. Enthusiastic farmers, mechanics, business and professional men subscribed \$130,000 in stock to finance the road from Rutland to Bellows Falls. Business as one man expressed it, "began to slide down the hill" as more and more store owners saw the value of a location near the tracks.

The Bank of Rutland (now the Community House) was the town's first bank.

Rutland is said to have the oldest municipally supported band. It was first sponsored by the new city in 1893 and has been in continuous existence ever since. Many members have given long and loyal service to the band. The late J. C. Cox is a notable example. He joined in 1899 as a young man, played until 1928 when he was elected director, and directed until 1950 when he was past 80. The present manager and treasurer Raymond Hughes, has been with the band since 1910, and the director, Napoleon Ianni, has been with the band more than 45 years.

- June 30 **Last day for action** by the Board of Aldermen on the Mayor's annual budget.

Mayor's Message

To the Citizens of Rutland:

Once again it is my duty and pleasure to submit to you the Annual Report of our City. This report covers the fiscal year of July 1, 1962 to June 30, 1963.

Probably the outstanding achievement of the period covered is the completion of our new Sewage Treatment Plant. This fine

structure is the result of voter approval several years ago and long hours of planning by almost all departments of the city. Former Mayor Dan J. Healy with the late Commissioner of Public Works Frank L. Rice led the project through its infancy. It is already considered one of the best facilities in the State and New England, and is certainly a tribute to the people of the City of Rutland.

Our city and its Recreation program was the happy recipient of a gift this past year which will be long remembered. Attorney Edwin L. Lawrence presented the former Mead Community House to the City of Rutland for use as a recreation center. Mr. Lawrence is well known throughout Vermont for his interest in young people and this gift should be a memorial for our young people to maintain and keep in tribute to Mr. Lawrence. In accepting the center this office and the Board of Aldermen approved that henceforth the center would be known as the LAWRENCE RECREATION CENTER.

Urban Renewal continues its forward progress with a great deal of ground work completed. As you know, a project of this dimension requires the cooperation of many organizations and citizens. The coming months will see the project lined up for presentation to you, the people, for vote. I heartily endorse Urban Renewal as one of the most outstanding undertakings the city of Rutland has ever attempted. I urge you to be aware of what Urban Renewal will do for your city and I further urge you to vote on this and all questions, for it is your money which constitutes the operating fund of the city.

City Treasurer W. Joseph Simonds was awarded a Certificate of Conformance by the Municipal Finance Officers' Association for the "Annual Financial Report of the City of Rutland, Vermont for the Fiscal Year Ended June 30, 1962." This is a very coveted award and our city is only the 155th governmental unit in the United States to receive it. We in Rutland certainly may be proud of our Treasurer who as we all know constantly strives for a high degree of efficiency in his profession.

Both the Police and Fire Department received a very substantial salary increase this past year which creates a new sliding scale base on years of service. This was done in an effort to keep the experienced men we have and as an incentive to young men to make a career in these departments.

Your Board of Aldermen has spent a very eventful and busy year in the governing of the city. Its members have at all times cooperated with my office. Their committees throughout the year worked many hours on any projects or issues presented to them. As our city grows the position of a member of the

Board of Aldermen demands more and more attention. I believe that the present Board is one of the hardest working the city has ever had. The Board and I urge you to attend its meetings on the first and third Monday of each month.

Among the many important events of this past year is the news that Air Service in Rutland by Mohawk Airlines will remain due to a ruling of the Civil Aeronautics Board. Former City Attorney Richard F. Sullivan continued as the city's attorney on this important matter and presented a very successful brief as evidenced by many pages of testimony and evidence presented. Special thanks must go to Mr. Albert A. Cree who is a member of the Airport Commission. Mr. Cree is one of the many citizens of Rutland who gives freely of his time and ability to help where experience and advice means so much. His efforts on behalf of saving air service for the city have been outstanding and I am proud that he is a member of the city family.

Our school system continues to operate in a smooth and efficient manner and the children of Rutland are assured of an excellent education with the finest teaching staff available. The School Board must also be congratulated for their many hours of time spent in governing that department. It has been my pleasure to cooperate with Mr. Ashland, Superintendent of Schools, in any matters relating to his department.

All other departments have functioned well during the past year and I would like to express my thanks for their cooperation.

I wish to thank the Board of Aldermen, City Officials and employees for their cooperation this past year.

Again I am proud to be Mayor of the City of Rutland and will continue to do all possible to make our city a better place to work and live.

JOHN J. DALEY,
Mayor.

BUDGET 1963-1964
LETTER OF TRANSMITTAL

Rutland, Vermont
June 15, 1963

*Honorable Board of Aldermen,
City of Rutland, Vermont*

In accordance with the requirements of Section 95 of the City Charter, I submit the following estimates of the various departments for the fiscal year—July 1, 1963 to June 30, 1964.

I would ask you to keep in mind that the total amount of the budget will be reduced by the amount of surplus we end this year with.

During the past year all departments have endeavored to keep their requests to a minimum and certainly deserve mine and your praise for doing so.

As you know the cost of operating our City continues to rise but in spite of this we continue to strive for economy without sacrificing efficiency and quality.

Respectfully yours,

JOHN J. DALEY,
Mayor.

PROPOSED BUDGET FISCAL YEAR 1963-1964

	Estimated Revenue
General Property Taxes:	
Current Year's Levy.....	\$2,293,597.49
Penalties on Over-due Installments.....	2,100.00
Total General Property Taxes.....	\$2,295,697.49
Other Local Taxes:	
Poll Taxes—Assessed.....	\$72,357.60
State Levied Taxes:	
Old Age Assistance.....	\$43,670.00
Licenses and Permits:	
For Street Use.....	\$650.00
Business.....	7,000.00
Non-Business.....	3,350.00
Total Licenses and Permits.....	\$11,000.00
Fines and Forfeitures.....	\$10,500.00
Revenue from Use of Money and Property:	
Interest Earnings.....	\$4,500.00
Rents and Concessions.....	450.00
Total Revenue from Use of Money and Property.....	\$4,950.00
Revenue from Other Agencies:	
State Grants-in-Aid:	
For Highways.....	\$5,500.00
For Public Welfare.....	35,000.00
For Public Safety.....	3,500.00
Total Revenue from Other Agencies.....	\$44,000.00
Charges for Current Services:	
General Government.....	\$9,000.00
Public Safety.....	300.00
Highways.....	3,100.00
Sanitation and Waste Removal.....	3,500.00
Health.....	125.00
Public Welfare.....	8,000.00
Recreation.....	2,500.00
Miscellaneous.....	50.00
Total Charges for Current Services.....	\$26,575.00
Transfers from Other Funds:	
Water Utility Fund.....	\$15,000.00
School Fund.....	35,379.00
Total Transfers from Other Funds.....	\$50,379.00
Total Estimated Revenue.....	\$2,558,529.09
Appropriation of 1962-1963 Surplus.....	68,726.85
Grand Total.....	\$2,627,255.94

FINANCE COMMITTEE,

Albert F. Davis,
Robert S. Franzoni,
Charles A. Shortle.

Schools

To the Honorable City Council and the Citizens of Rutland:

We are pleased to present the School Report for the fiscal year ending June 30, 1963. It consists of two parts,—the following narrative statement about the work of the schools, and financial and statistical reports found near the end of this booklet. Taken together, they form the complete School Report. We shall do our best, within the limitations of space and the requirements of the Law, to present a complete, though concise report of the Rutland Public Schools during the past year.

HEALTH EDUCATION AND SERVICES

In the field of School Health and Safety, our children and young people have had the benefit of:

The services of two School Nurses.

The services of a Dental Hygienist.

School Lunch Programs.

The special Federally-aided School Milk Program.

School Safety Patrols.

Policewomen at hazardous intersections (provided by the City Council and the Police Department)

Seven Kindergarten Clinics sponsored by the various P.T.A.'s.

It would be difficult to overestimate the importance of these health services to the school success of our boys and girls.

Food and medical First Aid items which could be used in any National emergency or civil disaster have been stored in every school building.

In our health work we gratefully acknowledge the assistance of the City Health Officer, Dr. Charles D. Beale; Dr. Gordon B. Smith; Dr. Harry R. Ryan, Jr.; Dr. J. Carleton Stickney; Dr. Arthur D. Wolk; Dr. Emmett L. Fagan, Jr.; Dr. William J. Powers; Dr. William W. Brislin; The Vermont Association for the Blind; The Rutland Lions Club; The Vermont Department of Social Welfare; The Community Child Care Association, Inc.; and all of our local Parent Teacher Associations.

INSTRUCTION AND RELATED SERVICES

In our elementary schools Mathematics is the area which has received the most publicity and attention, and will continue to do so. Although Rutland is well above the national norms in this field, it is our poorest area when compared with other areas measured by achievement tests. We believe that in this area it is possible to become too enthusiastic with many of the newer programs. It is our intention to find the best way to increase the pupils' understanding of, and proficiency with, Mathematics,—it is not to see how much Mathematics can be moved down into the grades from higher levels. During this past year several teachers have used some of the newer content and methods in Mathematics in their classes. Next year some of them will try complete programs in their grades.

This year we started a new program in Elementary School Physical Education. A thirty minute instructional period was given each week to all children in Grades 1-6. The classroom teachers were requested to direct the Physical Education activities for a 15 minute period each day for the remainder of the school week. In Grades 5 and 6 a Physical Fitness test was given in September and then again in June. In the latter test, a very marked improvement was noted. An intramural basketball and softball program was conducted for all boys in Grades 5 and 6 who desired to participate, regardless of athletic ability. This policy insured an equal opportunity for all boys, without interfering with the competitive spirit. We believe that the entire program in Elementary School Physical Education was very successful, and we plan to continue it.

The benefits of Special Education were received by 46 of our City boys and girls during the past year, as follows:

- 30 at the Havenwood School for Retarded Children.
- 13 received Homebound instruction through tutors.
- 1 at the Caverly Preventorium.
- 1 at the Austine Institution for the Deaf.
- 1 at the Perkins School for the Blind.

The results of our standard testing program indicate that Rutland elementary school programs are successfully taught. We shall continue our joint efforts to further improve these programs.

Art Instruction in the Public Schools continues to be excellent,—all the way from clearly stated goals, to a variety of desirable outcomes as revealed in exhibits too numerous to mention here. A painting by one of our seniors was first exhibited in the Wood Art Gallery in Montpelier, and then selected as the best in the State of Vermont and sent to Baltimore to the 1963 Convention of the American Federation of Women's Club Art

Exhibit. As a result of the annual Dairy Poster Contest, two of our students appeared on Burlington TV,—one a first prize winner for the State High School Section, and the other a third prize winner in the Junior Division.

The general excellence of our Music Instruction is widely known. As in Art, starting from clearly understood aims and objectives, instruction is given through many activities leading to desirable outcomes. The number of pupils studying instruments has now increased from 86 to 126; and three schools now have sufficient instrumentation to have their own Elementary School Bands.

At the Junior High School, the following items are of interest this year:

Student "drop-outs" have fallen from 7% in 1959-60 to **1% only during the past year.** This is due in large measure to the increased activity of our Guidance personnel.

The results of our standard testing show that our test scores are well above comparable national figures. This can be attributed directly to the quality of teaching in the entire system,—Kindergarten through the Junior High School.

The Reading Program, and particularly the Remedial Reading in Grade 9, also contributes to high scores. Now we notice that numbers of 9th grade students request help to improve their reading skills. Our testing further shows that only about 25% of our students read below the national average.

With new "modern" Mathematics textbooks and adequately trained personnel, instruction for the upper third of the 7th grade was aligned with the current change in Mathematics teaching. This new approach seems to catch the interest of a majority of the pupils and to stimulate greater interest in Mathematics generally.

The following Senior High School "briefs" will be of interest:

Curriculum improvements this year include a new semester course in Advanced Chemistry for seniors, a new second year course in Spanish, and a new French IV course.

Both boys and girls in Grade 10 have had Physical Education for five periods per week instead of three.

A Junior U. S. History class has benefited from an unusually successful experiment in which each pupil met in large, medium-sized, and small groups each week.

One class section in Plane Geometry made almost constant use of programmed learning materials with satisfactory results.

The High School Library collection has increased to 6,183 volumes. Circulation increased to 13,001, for a gain of 2,506,—non-fiction gaining 2,550 while fiction decreased 44.

The following are indications of the excellent work done at the Senior High:

Rutland seniors placed first in the State in both the French IV and French III examinations sponsored by the National Association of Teachers of French; and a Rutland sophomore placed second in the State in the French II examination sponsored by the same organization.

A Rutland Senior placed first in the Vermont Poetry Contest, and a Rutland Senior placed third.

A Rutland Senior placed first in the Vermont Dairy Poster Contest.

A Rutland Senior was one of two selected in Vermont for participation in a two-week Science Camp in West Virginia.

One Rutland Senior was a finalist in the National Merit Scholarship Program.

Forty-six sophomores ranked in the top quarter of those in the State to whom the National Educational Development Test was administered.

The Trade and Technical Department of the Senior High School opened a new two-story Annex in September,—thus adding excellent facilities to those we already had. During this year over 180 Rutland High School and Mount Saint Joseph Academy students were enrolled in courses in this Department. It is interesting to note that over 8,000 persons have taken courses either in the day school program or during night courses in this Department during the past twenty-two years.

For the second consecutive year we have had outstanding programs in Adult Education. Three distinct programs have carried the benefits of Adult Education to 540 people. The Evening Trade and Technical School, in its 16th year, offered (at no local expense) a great variety of courses,—some in conjunction with local industries, to 323 different adults. This included the new Manpower Development and Training Act Program. The Senior High School Homemaking Department offered two different courses to 55 different adult women. In its second year, our new **general** Adult Education Program offered 13 different adult courses to 162 different persons. Judging from the continued enthusiastic response of our people, Adult Education has come to Rutland to stay.

BIG REPAIR JOBS IN 1962-1963

- 1) Additional lighting, plumbing, and heating, in both old and new shops at the High School, installed.
- 2) The interior of the Park Street School redecorated.
- 3) The old coal bin at Dana converted to a play room.
- 4) Study Hall and Business Education rooms at the High School redecorated.
- 5) A new roof on the old shop at the High School installed.
- 6) New partitions installed in the old shop at the High School.
- 7) The heating system at Dana converted to oil.

CONDITIONS OF THE SCHOOLS

The conditions of our newer school buildings are, as would be expected, excellent. The conditions of our older buildings remain generally very good due to the continued interest of, and annual inspection by, the members of the Building Committee of the School Board, and the excellent work of our Maintenance Department.

NEEDS OF THE SCHOOLS

The following are some of the more important needs of our schools:

All Schools

We need a School Physician to complete physical examinations in certain grades every year so that during their school years each child would have received at least three complete examinations; and one who would be on call for advice and treatment in emergency cases.

Elementary Schools

Modernization of the old part of the Lincoln School, including work counters and cabinet work in the classrooms; pupil toilets and lavatories on the second floor; a Public Address system and a Clock and Program system for the entire building.

The installation of additional drainage for the grounds at the Southeast School.

A full-time Art teacher.

A Speech Therapist.

Continued implementation of the newer ideas in Mathematics.

Some definite plans for elementary school libraries.

Junior High School

- Additional classroom space.
- A movable partition to divide the Old Gymnasium.
- Folding or movable partitions to make classrooms of various sizes.
- Some way of reducing the intense heat from the sun, during hot weather.
- A mobile language laboratory for the French classes.

Senior High School

- Additional sections of stairs need to be covered with safety treads.
- Additional Science laboratory space, including a green house for Biology.
- A larger Library to meet minimum suggested standards for Vermont Secondary School Libraries.
- Additional and more flexible classroom space.

Both Secondary Schools

- A Municipal Athletic Field; to relieve pressure on our present play field. Our Physical Education program is now seriously handicapped!

SCHOOL BUDGET

Our Budget has been adopted by the School Board as provided for in our City Charter. However, according to Law, we are "presenting" the Budget elsewhere in this Report.

A study of the new Budget would show that the over-all increase is due chiefly to the following:

- Salary increases for our teachers and other personnel.
- Additional teachers required.
- A Comprehensive Survey of our School System.

FOR OUTSTANDING SERVICE we would honor four of our teachers who retired in June:

- Mrs. Dorothy S. Bruce** (1945-1963) Teacher of Grade 1 at the Lincoln Elementary School;
- Mrs. May R. Johnson** (1946-1963) Teacher of Grade 3 at the Lincoln Elementary School;
- Mrs. Ramona C. Sabourin** (1944-1963) Teacher of Grade 3 at the Dana Elementary School;
- Mrs. Sylvia M. Veale** (1953-1963) Teacher of Kindergarten at the Lincoln Elementary School.

We are proud of our schools, of our fine facilities, and particularly the superior quality of our teachers and others who work in the School Department. We wish to thank the citizens of this City for their continued support.

Respectfully submitted,

ARTHUR H. ROSS, *President,*
Board of School Commissioners.

HOMER B. ASHLAND,
Superintendent of Schools.

Rutland, Vermont
August 28, 1963

Rutland Free Library

September 6, 1963

To the Honorable City Council and Citizens of Rutland:

This year it is again my pleasure to submit to you the Annual Report of the Treasurer of the Rutland Free Library Association, Inc. and in place of a director's report, individual reports by the staff covering their area of operations during this past year.

Our director, Mr. Robert J. Thomas, left us in March of this year and as of this date he has not been replaced.

During these past five months the operations at your library have been carried on by the staff and as a result of the excellent cooperation and diligent efforts in the administration by Mrs. Barbara Douglas, Mrs. Frances Carroll and Miss Mary Isbell, I am confident that our high standards of operation have been well maintained.

After considerable research and discussion and after consultation with Mayor John J. Daley and the City Attorney Richard F. Sullivan, the library trustees voted to submit to the members of the Rutland Free Library Association a proposal that the Association change its status and transfer all assets and business to a Corporation.

At the Annual Meeting of the Association held on September 17, 1962, the members present unanimously voted in favor of the proposal and the Rutland Free Library Association, Inc. then became the new legal organization.

The effect of the change is principally in legal affairs and there was no change in either administrative or staff personnel.

As you will see from the reports which I am submitting to you, nearly all of the library functions have increased tremendously over the last few years and the trustees would like to give special recognition to Mrs. Carroll, Miss Isbell and Mrs. Barbara Douglas for their splendid effort in coping with this increased volume, particularly since we have been without a director.

On behalf of myself and the trustees, I again want to express our appreciation to Mayor John J. Daley, The Honorable Board of Aldermen, and the Citizens of Rutland for their consideration, understanding and support during the past year.

Respectfully submitted,

HORACE J. LYNE,
President.

Report Of The Librarian

For the Year Ended June 30, 1963

To the Honorable City Council and Citizens of Rutland:

REPORT OF CHILDREN'S LIBRARIAN

I should like to express my deep appreciation for the continued cooperation, support and understanding of members of the Board of Trustees, the library staff, the City Council and the Mayor, especially the many friends of our library who have been able to give books and magazines, or give time and special encouragement to our programs.

The generous cooperation of the Rutland Herald and the Radio Stations WSYB and WHWB in telling the children's library story, especially about the free Saturday film program, has been a wonderful community service.

While the circulation of children's books did not set a new record as it did last year, the circulation over the past ten years has tripled, very nearly.

With recent increases in the budget for children's books, many old, but essential, books are being replaced, along with regular purchases of the best of new books to round out the collection, and more listed in reference tools necessary to answer questions, are being added.

A major job of weeding was completed in 1959-1960, but this work goes on constantly in order to check worn books for replacement and out-of-date books for discard. Because of our capable mending department, our books generally last longer and it is not necessary to go to the expense of publisher's special bindings. Using plastic covers gives longer life to the books, also.

In Rutland, with an estimated enrollment of less than 3,200 children in kindergarten and through grade 6 in city public and parochial schools, a total juvenile registration of 3,646 which includes Town of Rutland and out-of-town borrowers, shows an increase of nearly 1,000 new borrowers in the past two years.

A complete inventory of the children's collection is being completed, this summer.

Now that we have a new 10-drawer unit in the children's catalog for expansion and with the many new guide cards in each drawer for greater efficiency and recent revision of the catalogs, boys and girls are more eagerly choosing books for themselves. In addition, more than 2,150 reference questions were answered.

It is noteworthy, here, that the first book of Marion Fuller Archer, wife of Leonard Archer (former librarian and now of Oshkosh, Wisconsin), "There is a Happy Land" (Whitman) for

ages 10 to 12, was published last spring. It is a remarkably fine book.

In the past five years, the attendance at the Rutland Free Library films showings and programs—to introduce boys and girls to the joys of reading through audio-visuals—has tripled; 1958—5,153 as to 1963—15,541. This is due partially to the fact that the circulation of our 25 children's 16mm films increased. The list of films available (and conditions on which they can be borrowed) is available at the library, revised to 1963.

For conservation of space, protection of the films, and more efficient service, several cases were purchased to house the film collection.

The summer story-film hour under the care of Mrs. Elizabeth Taylor is a generous contribution by this friend of Rutland children; the attendance has tripled in the eight years she has been telling stories at the library.

The children's librarian continues to serve on the Book Selection Committee which prepares the master list of the Dorothy Canfield Fisher Children's Book Award. The seventh winner (1963) chosen by Vermont School children in grades 4 through 8, was Sheila Burnford whose book, "The Incredible Journey" (Atlantic-Little), has been popular with all ages.

Plans for the future include distribution of a list of books for gifted children; a list of Indian tribes in Vermont; and our exciting 1963-64 see-a-film read-a-book free Saturday film program on "What's Good About America."

The most essential requirement for adequate library service to Rutland children in the future—to create the desire and the will to read and to make our rich and varied collection easily and temptingly available, is to provide enlarged facilities. Partly because the children's record collection had to be moved out to the adult record shelves in 1956-57, the circulation of this one item fell from 3,491 in 1956 to 848 in 1963.

Biographies and statistics agree that those who raised themselves to the highest degree of perfection and service to humanity were those who were introduced early and wisely to the world of books. In our American way of life, education is our first line of defense: one of the chief assets of our free public libraries is freedom of choice in self-education. The public interest has no other protector as good as an informed and dedicated citizenry—the people.

Last year at Green Mountain Junior College, Harry and Bonaro Overstreet, authors of the "The Iron Curtain: Where Freedom's Offensive Begins" (Norton, 1963), told a capacity audience that the enemies of freedom are determined to paralyze and destroy those values basic to our American way of life; individual choice, spirituality, concern for the rights of others, moral integrity and civility.

Our investment in our library has become more essential than ever before as a resource for strengthening these values, as well as a means of collecting and communicating the new knowledge of the space age.

If we provide more good books to fit their needs and their tastes, reading ability and capacity for understanding of our growing young people, we shall have done what is one of the most constructive and creative jobs possible for building a generation—not of delinquents but of men and women of moral security and mental wealth.

Respectfully submitted,

BARBARA DOUGLAS,
Children's Librarian.

REPORT OF CATALOGER

Book Collection

There was an increase of 1,712 titles in the library's book stock this year, 2,413 added and 701 withdrawn. This brought the number of volumes at the end of the fiscal year to a total of 60,604. At the moment, we are undertaking a systematic examination of the entire adult collection and weeding titles which are no longer useful. Our young people's section is being enlarged to meet the ever increasing needs of students. Some books are being reclassified under numbers which correspond to the bibliographic approach of modern scholars. We wish to express our appreciation for the books and magazines given to the library by groups and individuals. Many genealogical and local history materials were given as Memorial Gifts.

Reference

Reference questions answered were 6,818—an increase of 893 over the previous year. Adults are making greater use of our reference and inter-library loan services. The library is also being used as a community information or referral center for local facts not available in reference books. This requires a knowledge of appropriate community agencies, and we are grateful for the assistance we have received.

Respectfully submitted,

MARY C. ISBELL,
Cataloger.

REPORT OF CIRCULATION DEPARTMENT

Readers at the Rutland Free Library borrowed, during the past year, 163,968 books, 3,883 periodicals and 786 pamphlets. We had over 1,000 new registrants and have a total of 10,500 borrowers. Our "Book Service to Shut-Ins" supplied over 75 books per month to patrons who were unable to come to the library. We welcome suggestions and endeavor to fill requests through inter-library loan service.

We add each week to our record collection and preview our records at our recorded Friday evening concerts.

The Canadian Travel Films and those from the University of New Hampshire are constantly in demand and were viewed by approximately 10,000 people.

It is interesting to note that the use of Library materials and services continues to increase each year.

Library Friends

We are indebted to many people for cooperation given the library. Miss Mary Moher continues her fine work in teaching citizenship classes. Mrs. George Jackson has furnished us with interesting and educational material for our display case. Mrs. Elizabeth Taylor devoted her time to conducting the children's summer story hour. The Garden Club again provided us with attractive floral displays.

Respectfully submitted,

MRS. FRANCIS CARROLL.

Sewage Disposal Plant

John R. Carrigan, *Superintendent*

In the foreground is part of the flume in which flow of sewage is measured and pipe chlorinated.

To the rear is the primary and secondary digesters with a valve house in between. Each digester is 38'-0" in diameter with a depth of over 25'-0" and holds over 200,000 gallons of sludge.

The valve house contains a combination oil and gas heat exchanger, sludge pumps and gas equipment besides all interconnecting piping and valves.

This building is the Pumping Station, located on River Street. It contains five 60 H.P. Pumps located about 28 feet below ground level and is designed to pump incoming sewage to the Sewage Treatment Plant at the maximum rate of 13.0 M.G.D.

ADMINISTRATION BUILDING

This building contains the Superintendent's Office and Laboratory on the front part of the second floor. To the rear of the building on the same floor is the vacuum filter and accessory equipment. Also on this floor is the boiler room and electrical control center.

The first floor contains the chlorination equipment and facilities for plant personnel, also a work area and two stall garages for movable equipment.

SCREEN HOUSE

The smaller building to the right of the administration building is the grit house. Solids in incoming sewage are ground up by comminuting machinery and the gritty material is removed.

In the foreground are the two settling tanks. Each measures 100'-0" x 38'-0" with a water depth of about 9'-0" and holds approximately 260,000 gallons of sewage. In the tanks is a mechanism for collecting the settled sludge.

August 19, 1963

*To the Honorable Council,
Rutland, Vermont.*

The Rutland Urban Renewal Agency at 47 Center Street has been involved in the Survey and Planning phase this past year.

It has been the object of the Agency to plan a project for the Rutland Central Business District which will upgrade the area, help the economy of Rutland, make our trading area more competitive and reverse our declining property values in the downtown area. With the accomplishment of this objective, Rutland as a whole will benefit.

The Board of Aldermen has been informed of the details of the Plan as it has progressed and after further study, will vote their decision on it.

The Federal Government must also approve the Plan before an amount of over three million dollars of Federal money can be set aside to aid Rutland's program.

When those mentioned have approved the plan, it will be put before the voters of Rutland for their consideration. The date for the people to vote on Urban Renewal has not been set but it is expected to be in the late Fall.

The Mayor, the Board of Aldermen, and all City Departments are sincerely thanked for their cooperation.

Respectfully submitted,

DANIEL W. ALLEN,
Urban Renewal Director.

Urban Renewal Agency:

Jack Crowley, *Chairman*

Charles Clarino, *Vice Chairman*

Earl Wright, *Treasurer*

James Haugh, *Commissioner*

Public Works Department

*To the Mayor and City Council:
Rutland, Vermont.*

Gentlemen:

I hereby submit the annual report for the year 1962-1963.

Street Department

This department functioned very smoothly, as usual. Many streets—too numerous to tabulate in this report—were reshaped, graded and a tack coat of tar or asphalt applied. A total of 63,918 gallons was used.

We constructed 1,143-1/2 feet of curbs and 4,230 square feet of sidewalks. Other sidewalks and curbs were repaired; holes were patched and a great many small jobs completed.

Guardrails throughout the city were repaired and repainted; old street signs were replaced with new Scotchlite signs. Dorr Bridge and Ripley Bridge were cleaned and painted.

Three new bays for our present garage were completed with the exception of the floor for the blacksmith shop.

During the year 85 elm trees, which were affected by Dutch Elm disease were removed and taken to the city dump and burned. 80 Norway maples were planted in the fall.

Purchases of equipment for the year included a 1963 Ford dump truck; an International tractor and Pippin combination backhoe and loader; a 1948 International pickup truck; a 1950 International pickup truck; a Lincoln grease gun and a #98 V.P.K. steam thawer complete with 10 foot culvert nozzle.

Sanitation and Waste Removal (Sewers)

The unsatisfactory condition in our Sewer Department still exists. Every City Engineer in the last twenty years has advised that something must be done to carry off storm water and this can only be accomplished by the construction of storm sewers. With the completion of our new Sewage Treatment Plant the need to take our storm water out of the sanitary sewers becomes even greater.

Main extensions have been made on the following streets:

Adams Street	772 feet—36" Conc. Pipe
Brightview Avenue	1120 feet— 6" tile
Foster Place	660 feet— 8" tile
Healy Lane	490 feet— 8" tile
Meadowbrook Road	295 feet— 8" tile
Ronaldo Court	330 feet— 8" tile
Rutland Avenue	605 feet— 8" tile

Numerous catch basins and manholes were repaired and rebuilt and 36 new house connections were made.

Construction of the new Sewage Treatment Plant was completed and it is in operation.

Sanitation and Waste Removal (General)

This department has charge of the care and maintenance of the city dump, which was taken care of in the usual efficient way. Also, the residential streets were cleaned periodically and the business section was swept and cleaned regularly.

High grass on the roadsides was mowed and the brooks within the city limits were cleaned. The election booths and ballot boxes used at the various polling places were set up and removed by this department.

Water Department

During 1962-1963 the following water mains were constructed:

Brightview Avenue	1017½ feet—8" Transite
	16 feet—8" C.I. Pipe
Foster Place	663 feet—8" Transite
	16 feet—8" C.I. Pipe
Nichols Street	48 feet—6" C.I. Pipe
Haywood Avenue	453 feet—8" Transite
Green Knolls Lane	615 feet—8" Transite

Forty new house connections were made; 29 services relaid and 27 services repaired. This department also had the care and maintenance of hydrants, valve boxes and water meters.

Reforestation

This program continued under the direction of the State Forestry Department. Selected trees have been cut and sold for pulp and guardrail posts. A large planting of new trees was set out in the spring.

Road Bond

Following are the streets which were paved with our Moto Paver:

Grove Street	1400 feet—from Field Avenue to City Line
Hopkins Street	200 feet—east of Strongs Avenue
Jackson Avenue	1400 feet—Moon Brook to Stratton Road
Mansfield Place	650 feet
Nickwackett Street	370 feet
North Street	1450 feet—Grove Street to Church Street
Park Street	1200 feet—Granger Street westerly
Stratton Road	1500 feet—Woodstock Avenue to Harrington Avenue

West Street was paved with hot mix from Pine Street to North Main Street, a distance of 2700 feet.

The following streets were paved with soil cement:

Avenue B	333 feet
North Church Street	950 feet from Field Avenue north
Wood Avenue	550 feet

The following streets were excavated, widened and graveled:

North end Bellevue Avenue	200 feet
North Street Extension from North Main to Bellevue Avenue	900 feet
Curtis Avenue—from Mussey Street east—started but not completed	1600 feet

Winter Maintenance

A new Frink snow plow was purchased by this department. Roads and sidewalks were plowed and sand and salt applied to them. 1,365.77 tons of sand and 688.04 tons of salt were used.

Engineering Department

This department has charge of maps and records in the City Engineer's office and any revision of same. We were very busy with street lines, grades and surveys of city-owned land in Mendon, Vt. We also worked closely with the Urban Renewal Agency of Rutland.

During the past fiscal year many changes occurred in the Department of Public Works. Mr. Frank L. Rice, Commissioner of Public Works, suffered a heart attack early in July and died in August 1962. Mr. John E. Howard died in March 1963. Both of these men had served the City of Rutland long and faithfully and are greatly missed by all their fellow workers.

After the death of Mr. Rice, Mr. Herbert L. Erickson was appointed as Acting Commissioner of Public Works and continued in this capacity until June 1963 when Mr. Robert A. Carrara was appointed as Commissioner of Public Works.

Mr. James T. McLaughlin, General Foreman of the Department of Public Works, retired in January 1963 after more than 55 years of service with the City and Mr. Clyde Spaulding retired in March 1963. All their friends and associates wish them a long and rewarding retirement.

At this time I wish to thank Mayor John J. Daley, the Honorable Board of Aldermen and all other city officials for their kind cooperation and helpful suggestions during the year. I also wish to thank the members of the Public Works and Water Departments for their loyal and cheerful devotion to duty.

Respectfully submitted,

HERBERT L. ERICKSON,
Acting Commissioner of Public Works.

Fire Protection

August 20, 1963

To the Honorable City Council:

Gentlemen:

I hereby submit to you the annual report of the activities of the Fire Department for the fiscal year ending June 30, 1963.

During the year the Fire Department responded to 390 alarms as follows: Telephone 290, Box Alarms 82, Automatic Thermostat 9, Verbal 8 and Radio 1. This was 33 alarms less than the previous year. Of this number 61 were malicious false alarms. The fire department also responded to 123 Special Service calls of various nature including 22 calls for the administration of oxygen.

There were three major fires during the year. The Burke Garage on August 29, 1962, the old Rutland Railway freight depot on April 6, and the Army and Navy Store in the Gryphon Building on April 26, 1963. The final loss adjustment has not been settled on the last two at this time and their loss is not included in this report.

The following summary of property endangered by fire, the amount of insurance carried and the amount paid is complete as far as could be ascertained.

	Value	Insurance Carried	Insurance Paid
Buildings	\$535,080.00	\$499,750.00	\$41,249.64
Contents	210,058.00	236,100.00	56,887.87
Totals	\$745,138.00	\$735,850.00	\$98,137.51

Personnel

The personnel of the Fire Department consists of a Chief Engineer, two Assistant Chief Engineers, two Captains and twenty-four regular firemen. Also nine Call Men who respond on whistle alarms only.

Apparatus

- 1 1936 Buffalo 750 G.P.M. Quadruple truck
- 1 1946 Buffalo 750 G.P.M. Triple combination truck
- 1 1948 Ford 500 G.P.M. Triple combination truck
- 1 1963 Maxim 1,000 G.P.M. Triple combination, put in service June 26, 1963.
- 1 1957 Maxim 85 foot hydraulic operated aerial ladder truck

- 1 1943 Jeep roadster
- 1 1961 Jeep pick-up truck
- 1 1960 Ford Sedan
- 1 16 foot row boat and trailer
- 1 15 KW. trailer power unit

The 1936 Buffalo quadruple truck will be replaced in July by a new Maxim quadruple truck. This new apparatus will add considerable to the efficiency of the Fire Department as both new pieces have many more appliances than the old ones including pumps that will deliver High Pressure fog streams for oil or gas fires.

Both fire stations are in poor condition and much too small for modern fire apparatus. We have no place to hold real fire drills where we can use the apparatus to advantage. For several years I have recommended that a new station be constructed on the City owned lot at the corner of Woodstock Avenue and Deer Street; there is also room there for a modern drill tower. The doors on the City Hall station should be widened at once.

The fire alarm system should be extended into the new sections of the City. The present circuits are overloaded and no new boxes can be added. One new circuit can be added to the present switchboard.

Police Protection

July 19, 1963

To the Honorable City Council:

I hereby submit the annual report of the activities of the Rutland Police Department for the fiscal year of July 1st, 1962 to June 30th, 1963.

The Department investigated 2,826 complaints filed by citizens and 356 arrests for various offenses were made during this period.

There were 491 motor vehicle accidents investigated, an increase of 56 more than the previous year. The estimated property damages as a result of these accidents amounted to \$108,075.00, showing an increase of \$12,760.00 more than the 1961-1962 fiscal year. There were also 10 more persons injured this past year for a total of 162 persons injured, including one fatality.

\$54,439.65 was collected from the 837 parking meters which is \$1,043.85 less than the previous year.

The Traffic Court collected \$9,279.00 in One Dollar Fines for violations of our parking ordinance. This amount is \$101.00 more than the 1961-1962 fiscal year.

The night patrolmen found 824 doors and windows of business places throughout the city open or unlocked. There were 3,550 calls answered by the patrol cars including funeral escorts and currency escorts.

The accident and arrest tables and the financial report follow:

Monument Dedication

Members of the Rutland Police Benevolent Association participate in the dedication of the monument erected at City Hall Park in honor of those who have "walked the final beat." The speaker at the dedication, September 22, 1963, was Mayor John Daley. President Neville J. Barrett presided.

The monument is inscribed with the names of Daniel Brown and Quincy Baker, deceased.

The Rutland Police Benevolent Association, organized December 6, 1953, has a ten-year history of humanitarian accomplishments. Its purpose is: "to assist members of the Police Department of the City of Rutland, Vermont and the families of such members, when sick or disabled, and the widows, orphans and deceased members of the Association."

The Association obtains its funds through membership contributions and from its annual Policeman's Ball.

JOHN L. DINN,
Chief of Police.

Health Officer

August 19, 1963

To the Honorable City Council:

Gentlemen:

It is the pleasure of your Health Officer to submit, herewith, his annual report for the fiscal year beginning July 1, 1962 and ending June 30, 1963.

The Health Department is composed of a three-man Board of Health and a Health Officer.

Through this department is maintained the control of communicable diseases, inspection services for the maintaining of sanitary plumbing facilities, swimming pool and other places of public assemblage.

Eight hundred and thirty six contagious diseases were reported and quarantined during this period:

Abbreviations
Mu.—Mumps S.I.—Streptococcal Infection T.B.—Tuberculosis
Mea.—Measles I.H.—Infectious Hepatitis Polio—Infantile Paralysis
C.P.—Chicken Pox Men.—Meningitis W.C.—Whooping Cough

Month 1962	Mu.	Mea.	C.P.	S.I.	I.H.	Men.	T.B.	Polio	W.C.	Totals
July.....	27	1	5						1	34
August.....	14		1						7	22
September.....	16		1						8	25
October.....	3	1	4						10	18
November.....	3	3	23						3	32
December.....		16	53						1	70
1963										
January.....	6	26	114						2	148
February.....	8	7	177	1					7	200
March.....	6		154	1						161
April.....	7	1	48	1						57
May.....	7		35	1					1	44
June.....	8	2	15							25
Totals.....	105	57	630	4	0	0	0	0	40	836

Four dog bites and one cat bite were reported and investigated.

The annual free inoculations to immunize children against Diphtheria-Tetanus were done in November and December 1962. A total of 363 children received this protection. Drs. Ryan,

Smith, and Beale, ably assisted by Mrs. McCormack and Miss Burke, School Nurses, carried out this program.

The annual free Smallpox immunization program was carried out in May 1963. 290 children received vaccinations. The clinics were set up by the School Nurses, Mrs. McCormack and Miss Burke. Drs. Ryan, Smith and Beale did the vaccinations.

In our opinion these are worthwhile projects. This department urges all parents who have not had their children immunized by their own physician to take advantage of these opportunities of having it done.

A total of 363 samples of water from the city's taps were sent to the Vermont State Department of Health in Burlington for analysis. 29 samples showed evidence of contamination. This department wishes to thank the water department for their excellent control work on the Water Shed and at the reservoir, especially Mr. Harry Jasmin.

Samples of water were also sent to Burlington from the swimming pool during its operation. At no time was it found necessary to close the pool due to contamination.

Over 100 nuisance complaints were investigated by the department, 10 plumbing inspections were made.

Rutland City, as do all cities, develops community health problems. A Public Health Team from your Vermont Department of Health including a bacteriologist, chemist, dentist, engineer, health educator, public health nurse, nutritionist, physician psychologist, sanitarian, social worker and statistician is available to aid your Health Officer, local doctors and other local citizens with such problems.

I have taken the liberty of adding to this report a summary of the many services offered by the Health Team through use of the State tax dollars and indicate those services rendered to Rutland last year to promote health in the community. A healthy environment for your city results when water and sewage systems, factories, schools and other public buildings and food and lodging establishments are properly constructed and operated.

Food and Lodging Places.....Inspection-Consultations...702
Industrial Sites.....Inspection-Consultations...24
Water, Sewage, Public Buildings.....Inspection-Consultations...88
Water Samples.....Inspection-Consultations...395
Food and Dairy Products.....Inspection-Consultations...15

The Public Health Nurse is a member of the Health Team often seen here. She assists in organizing local health efforts. During the year she has, with assistance from people in your community, served at Well-Child and school conferences, x-ray clinics and immunization clinics, and with visits to homes, doctors and agencies, to promote and protect the health of children and adults.

	<i>Persons Served</i>
Chest X-Ray.....	265
Nurse Visits—(to homes, physician, school).....	388
(visits on behalf of persons).....	182
Immunizations—(Diphtheria, Whooping Cough and/or Tetanus).....	21
Polio Clinics.....	1,259

The Public Health Nurse welcomes the opportunity to serve you, and can be reached by mail addressed to the Vermont Department of Health, Division of Public Health Nursing, Rutland, Vermont.

Health services available and rendered to individual residents of Rutland City through personnel operating from the State Office were:

For Health Promotion:

Nutrition consultations.....	10
Chest x-rays in industry.....	265
Immunizing agents were made available	

For Diagnostic Aid:

Laboratory analyses on blood specimens.....	1,054
Laboratory analyses on other specimens.....	250
Pediatric hospital diagnosis.....	3

For Diagnosis and Treatment:

Crippled Children's Clinics—Persons served..	97
Guidance Clinics Persons served..	105
Hospitalization Financial assistance.....	12
Tumor Clinic—Persons served.....	31

Citizens of the City may call upon the Public Health Team for advice on methods for gaining health improvement, such as:

	<i>Rendered</i>
Health information services and visits on Health improvement projects.....	8
Hospital and nursing home inspections and con- sultations.....	24
Dietetic and nutrition services to groups.....	8

In closing, I would like to express my appreciation for the courtesy and cooperation that I have received from the Mayor, City Council, City Employees, the State Board of Health, the School Nurses and the physicians and parents of the City of Rutland.

Respectfully submitted,

CHARLES D. BEALE, D.O.,
Health Officer.

Board of Health:

GORDON B. SMITH, M.D.
HARRY RYAN, JR., M.D.
FRED BEAUCHAMP, PHG.

Milk Inspector

August 19, 1963

To the Honorable City Council:

Gentlemen:

The following is your Milk Inspector's Report for the fiscal year beginning July 1, 1962 and ending June 30, 1963.

Three hundred fifty four dollars (\$354.00) was collected in license fees as of June 30, 1963 and the money turned over to the City Treasurer whose receipts I hold for that amount.

This represents eleven eating places at the Rutland Fair, city restaurants, cafes and pharmacies (45), groceries (52), bakeries (2), milk peddlers (7), and creameries (7). A total of 111 licenses. 97 at \$2.00—7 at \$5.00—1 at \$50.00—1 at \$25.00—5 at \$10.00. Total \$354.00.

All creameries were inspected and approved.

Reports of the laboratory analysis of milk samples taken from the creameries and submitted to the Board of Aldermen, were accepted and published in The Rutland Herald.

I wish to thank the producers, plant operators and owners, also the State Inspector, Mr. Edward Slantetz, for their cooperation during the past year.

Respectfully submitted,

CHARLES D. BEALE, D.O.,
Milk Inspector.

Meat Inspector

August 8, 1963

To the Honorable City Council, Rutland, Vermont:

Gentlemen:

The past year, I found no violations to the City Meat Ordinance in my periodic inspections. They have cooperated in keeping within bounds of the City law in cleanliness and buying.

I have inspected 92 head of cattle and 70 calves.

Fees amounting to \$129.00 have been collected and given to the City Treasurer.

Respectfully submitted,

H. HUGH QUIMBY, D.V.M.,
Meat Inspector.

Director of Welfare

See Page 104 for Financial Summaries

August 19, 1963

*To the Honorable City Council:
City of Rutland, Vermont.*

Gentlemen:

The constant upward trend in Welfare costs is a nation-wide problem and has manifested itself in the expenditures of the Rutland City Welfare Department during the past fiscal year.

Costs of providing food, fuel, clothing, hospital and medical care, etc., for the indigent in the City increased from \$149,946.42 in 1961-1962 to \$158,254.90 in the fiscal year ending June 30, 1963.

There are two main causes of this rise. The exceptionally high rate of unemployment during the past year has resulted in an increase in the number who had to look to the City Welfare Department for assistance.

Secondly, the cost to the City of hospital care for those unable to meet this expense was \$44,431.00, a rise of 16% over last year. The cost of medical care rose from \$13,016.00 to \$14,300.00.

The distribution of government surplus commodities continues to benefit those who meet the eligibility requirements. During the winter months the number receiving these foods reached almost seven hundred.

The cooperation and good will of Mayor Daley, the Board of Aldermen, and all City Officials and employees has been an invaluable aid to me in carrying out the duties of this office. I would like to express to all of them and particularly to the other employees of the Welfare Department, my sincere thanks.

Respectfully submitted,

MRS. MARTHA DePOY,
Director of Welfare.

Building Inspector

August 20, 1963

To the Honorable City Council,
Rutland, Vermont.

Gentlemen:

I submit the following permits approved from July 1, 1962 to June 30, 1963:

Total.....		\$771,725.30

Respectfully submitted,

ROY J. ROTELLA,
Building Inspector.

City Attorney

To the Honorable City Council,
City of Rutland, Vermont:

Gentlemen:

Following is the Annual Report for the office of City Attorney for the period July 1, 1962 to April 1, 1963.

Opinions

Every officer, department chief, Mayor and Aldermen have referred matters to this office for legal advice and opinions have been given regarding the law on questions referred.

Civil Aeronautics Board—New England Regional Airport Investigation Case

This matter involved Mohawk's service of once a day turn-around flight to New York City. Conferences and discussions between Mohawk, the City and State began in the winter of 1961.

This case involved whether the Rutland area should be served by air flights from Glens Falls airport or the Lebanon Airport, thereby deleting Mohawk's service to the Rutland area at the Rutland Airport. Mohawk serves Rutland by one flight a day (turnaround) at our airport. The New England Council had recommended that Rutland's flight in effect be deleted. Conferences and discussions concerning air service to Rutland in this particular matter began in the winter of 1961 shortly after Mohawk initiated service at Rutland in September 1961 after service by Eastern Airlines.

A major dispute in this continuous problem ended August 5, 1963 when the Civil Aeronautics Board, by order, directed that the initial decision of the Examiner be effective immediately. The result is that Mohawk must continue to serve the City of Rutland at its airport and not via Glens Falls or Lebanon Airports as suggested by the Bureau of Economic Regulations of CAB.

To review the matter we submit the following:

On June 29, 1961, the New England Council, a non-profit association of New England businessmen interested in the economy of New England as a whole, published a study of air transportation in New England making recommendations, one of which included Rutland being served by Lebanon or Glens Falls airports. Thereafter, this case, New England Regional Airport Investigation, the first of a series of cases instituted by the

CAB, was begun on March 23, 1962. Broadly stated, the issue involved, at what airports in New England should existing air carrier service be suspended, deleted or consolidated. Most all airports in New England were involved. Many civic, state, city, airports, Chambers of Commerce and airlines were parties.

Prehearing conference was held in Washington, D. C. in the Spring of 1962 and public hearings conducted over a five week period at Manchester, New Hampshire; Hartford, Connecticut and Washington, D. C.; resulting in 15,000 pages of testimony, a ton of exhibits and 136 page Initial Decision of Examiner, Robert L. Park on April 19, 1963.

Rutland submitted 35 exhibits; testimony of Honorable John J. Daley, Mayor; Messrs. Albert A. Cree, Malcolm Fryer, James Griffin, Mason Alexander, John Hurd, Commissioner Edward Knapp and Fred Kimball, Aeronautical expert employed by the City of Rutland.

In a cogent, logical, indisputable decision, Examiner Park concluded, concerning Rutland:

1. Rutland has had insufficient opportunity to test its real potential for development by a local service carrier.
2. In the years 1957-1959 with two round trips daily over 5 passengers a day were originated.
3. No improvements have taken place since Mohawk has served Rutland (Sept. 1961). Quality of service has deteriorated. No commuter service, two round trips daily, has been initiated. Performance factor by Mohawk in relation to Eastern's has been reduced. Mohawk has made no effort to promote service.
4. Rutland should be afforded a reasonable opportunity to demonstrate its traffic generating ability with improved service. Mohawk's Rutland service is conducted at a loss, however, there is no basis to determine whether the loss may be converted to profit.
5. Eastern conducted service at transfer points on the whole at profit. Mohawk should also be doing the same.
6. Therefore, without Rutland's traffic being adequately tested, it would be inequitable that Rutland be served at Glens Falls. This would result in a net loss to Rutland area of one round trip as a whole.

The public convenience and necessity do not require amendment of the certificates Mohawk Airlines, Inc. in relation to its service at Rutland, Vt.

We briefed and motioned CAB to accept Rutland's position and they have done so.

Scheduling of flights, to Rutland, indicates arrival at 10:00 A.M. and departure at 2:25 P.M. This indicates a four hour lay-over in Rutland. Crew is furnished quarters by Mohawk and this expense is added to station expense.

We recommended that conferences be held with airline officials to minimize station expenses in whatever way possible. Rutland is operated now as a non-agency station. (An agent flies from Albany or Glens Falls to Rutland and back again). Conferences and negotiations should be conducted with the view of promoting better scheduling, commuter service, reduction of expenses, cooperation with industries availing themselves of air service, promotional advertising by carrier and the City to realize our true air traffic potential and initiate the suggestions of Examiner Park.

Commissioner Knapp, Mr. Cree and Mayor Daley have indicated further action is now necessary to sustain service at our local airport by a local air service carrier.

We would particularly note the City's Gratitude to all those who appeared in the case, assisted, advised and encouraged us, which has culminated in a successful conclusion in the application of impartial administrative justice and law.

Note should also be made of our gratitude to Vermont's Congressional delegation.

We commend and extend our appreciation to the Mayor and Board of Aldermen for their interest and cooperation and particularly Secretary of Airport Commission, Albert A. Cree, Malcolm Fryer, James Griffin and Commissioner Edward Knapp of Vermont Aeronautics Board for the amount of time, interest and devotion expended in behalf of the citizens of Rutland in their unflinching, tireless efforts to retain this transportation facility so important to the community and its development.

Ordinances

Adopted, amended, repealed or under study are the following ordinances of the City of Rutland:

Zoning ordinance relating to mobile home parks, subdivision ordinance, traffic ordinance, housing code, meter ordinance, brush cutting vacant lots, sign and flag ordinance, fire protection ordinance, electrical code and various other ordinances in conjunction with the recommendations of the Planning Commission.

Charter

After a long study and many weekly meetings various charter changes were suggested and adopted by the City Council and presented to the Legislature. Many committee meetings in Montpelier were attended and explanation given concerning the charter and other matters. The complete charter with amendments was passed by the Legislature and will be available as a part of the Acts of 1963, Laws of Vermont.

Urban Renewal

Conferences have been attended and opinions rendered to the Urban Renewal Agency and Director. A committee representing the City attended many hearings before the Municipal Corporation Committee of the State House of Representatives and Senate relative to proposed amendments to the State Urban Renewal Law. The amendments as proposed were favored by the City with a suggested change by a member of the City's Urban Renewal Agency, the amendments were passed and became effective.

Regretfully I tendered my resignation in April after assuming the Judgeship of Rutland Municipal Court. In vacating the office of City Attorney I would like to commend and thank the Mayor, Aldermen, Department Chiefs and all the employees of our City Government for the cooperation, advice and assistance for the years I held the office.

Respectfully submitted,

RICHARD F. SULLIVAN,
City Attorney.

City Attorney

*To the Honorable City Council,
City of Rutland, Vermont:*

Gentlemen:

Submitted below is the Annual Report of the Office of City Attorney for the period April 1 to June 30, 1963.

Matters referred to the office by the Board of Aldermen have been investigated and appropriate action taken. Some of the major items requiring the attention of the City Attorney were the following:

Opinions

Opinions have been rendered to the various departments including the Mayor, Board of Aldermen, Aldermanic Committees, Commissioner of Public Works, Treasurer, City Clerk, Police Department, Recreation Department, Superintendent of Schools, Tax Collector, Health Officer, Zoning Board, School Board and to the Overseer of the Poor.

Claims and Suits

Legal action has been taken and there is presently pending before the Rutland County Court suits involving the Meldon School property, zoning violations, collection of delinquent accounts and suits in which the City of Rutland has been named as defendant.

Charter

We have appeared before various committees of the Legislature in Montpelier to help effectuate Charter changes and our revised City Charter should be in effect by the time the City Report is printed and made available.

Ordinances

Ordinances have been adopted, amended or repealed relating to the Sewage Disposal Department, Parking Meter Ordinance and the Traffic Meter Ordinance.

Urban Renewal

This office has worked closely with the Urban Renewal Agency and its attorney. When requested by the Urban Renewal Agency this office has prepared certifications and opinions pertaining to the Urban Renewal program, which were forwarded to the Housing and Home Finance Agency's Regional office in New York.

In concluding this report I would like to express my appreciation for the cooperation and courtesies extended to me by the Executive, the Board of Aldermen, the various department heads and employees of the City. The assistance afforded to me by the above named certainly facilitated the handling of the various matters involving the City and served to enhance the efficiency of this office.

Respectfully submitted,

HENRY J. BATTLES,
City Attorney.

City Grand Juror

To the Honorable City Council,
City of Rutland.

Gentlemen:

The following is my annual report for the fiscal year beginning July 1, 1962:

During that year I completed my sixth term as City Grand Juror. I handled the usual assortment of criminal offenses, including breaches of the peace, larcenies, lewdness, non-support cases, frauds, and failures to cut lots, together with all varieties of motor vehicle offenses, including stop sign and parking meter violations, speeding, careless or reckless driving and driving while under the influence.

In addition, I acted as peacemaker in innumerable domestic and neighborhood quarrels, and mediated troublesome matters arising between parent and child. Often I was able to refer the parties to appropriate public or private agencies.

This will be my final report as City Grand Juror. Late in May of this year, the Governor, with the advice and consent of the Senate, appointed me Commissioner of the Department of Employment Security of the State of Vermont. As a consequence, and with some regret, I tendered my resignation as City Grand Juror, effective May 26, 1963.

Let me say again what I have often said over these years. We have an honest and dedicated police force, of which this city can be proud. If I have had any success as prosecutor, it has been due in large part to the fine cooperation I have received from these police officers. I will always look back upon our working association with deep satisfaction.

May I also express my appreciation to the Mayor, to the members of the Board of Aldermen, and to the Chief of Police for the many courtesies I have been shown.

Very truly yours,

STELLA B. HACKEL,
City Grand Juror.

City Clerk

To the Honorable City Council:

The record of births, marriages and deaths filed in this office during year 1962 was as follows:

Total number of births registered in 1962 820

Total number of deaths registered in 1962 370

Total number of marriages registered in 1962 134

(See statistics below for vital statistics comparison.) (Due to the fact that vital statistics records are reported to the State for calendar years, we are unable to report for the fiscal year covered by this report.)

A total of \$18,768.10 was collected in fees and licenses and turned over to the City Treasurer. (See City Treasurer's financial report).

Under Act 186 of the Vermont Statutes, we continue to furnish discharged service men any records or copies thereof in connection with their service claims for themselves or dependents, without charge.

In addition to the numerous duties assigned to Town and City Clerks under the Laws of the State of Vermont, this office serves as Clerk of the Board of Aldermen and as Purchasing Agent for all City Departments, and Clerk of the Board of Assessors.

I would like to express my appreciation for the loyalty and faithfulness shown by the employees of this office in the performance of their duties and to also express my thanks to His Honor the Mayor, members of the Board of Aldermen and all City Officials and employees for the cooperation received.

Constable and Tax Collector

August 15, 1963

To the Honorable City Council:

Gentlemen:

I hereby submit the following report of my activities as City Constable and Tax Collector for the fiscal year 1962-1963.

Delinquent poll taxes, real estate and personal taxes collected amount to \$80,791.52. Delinquent water rents in the amount of \$10,699.25 were also collected, making a total of \$91,490.77.

Many of the delinquent poll and old age assistance taxpayers do not seem to realize that all delinquent back poll taxes have to be paid for self and wife to obtain an operator's license to drive a car or truck, in accordance with the state law and subject to a fine when making application for a driver's license.

Able assistance and guidance on legal problems was extended to me during the year by the City Attorney.

To the Honorable Mayor, all members of the Board of Aldermen and City Officials, I wish to express my sincere appreciation for their cooperation and assistance at all times.

Respectfully submitted,

REIDE B. PAYNE,
Constable and Tax Collector.

VERMONT DEPARTMENT OF SOCIAL WELFARE

Montpelier, Vermont

This twenty-seventh in the series of annual reports submitted to the people of Rutland City presents tabulations for the fiscal year ending June 30, 1963. In the Department of Social Welfare's programs of assistance to the aged, blind and disabled 30% of the costs of hospital and physician services, as well as the excess over \$75.00 per month in Nursing Home care, are assessed against the town of settlement of the recipients of such care. Participation charges incurred by your community during the past year for each of these types of care were as follows:

Nursing Home Care.....	\$9,098.01
Hospitalization Services.....	\$11,543.45
Physician Services.....	\$2,143.65

Under similar settlement provisions town participation in the program of Aid to Families with Dependent Children is at the rate of one-eighth the assistance grants while costs incurred for the care of Committed Children are borne equally by the local and state agencies. Charges assessed against your community for the former amounted to \$9,535.00 and for the latter \$15,753.21 for the year just closed.

During April, 1963 there were 312 recipients of Old Age Assistance, 4 recipients of Aid to the Blind and 43 recipients of Aid to the Permanently and Totally Disabled residing in your community. Direct Money payments to these persons were financed entirely of state-federal funds. Among the other programs financed from these same sources were Services for the Blind, Adoption Services and the recently inaugurated Medical Aid to the Aged. While no town-by-town records are compiled for these categories, their benefits were available to all qualified residents.

Respectfully submitted,

JOHN J. WACKERMAN,
Commissioner of Social Welfare.

Recreation and Parks

*To the Honorable City Council and
The Citizens of Rutland:*

Once again, it is a pleasure for me to submit to you this Annual Report for the Department of Recreation and Parks.

Total expenditures for the Department were \$58,538.08; total receipts were \$2,375.61.

ACTIVITIES

Spring and Summer

The Rutland Recreation and Parks Department operated six (6) City Playgrounds this year:

Dana	Northwest	Northeast (Schools)
White	Meadow	Rotary

The City playgrounds were once again a focal point where many of our City children gathered for their summer fun. Among the sort of playground highlights last year were the usual Nature Hikes, Inter-Playground Softball, Volleyball, Horse Shoe Tourney as well as all city events; including Marble Championships, Gold Rush Day, Cooking Contest, Christmas in August, Roaring 20's Day, etc. These playgrounds are geared for children six to fifteen years of age. Attendance for the playgrounds was 26,416.

Again in operation the Department sponsored two Softball Leagues—City League and Recreation League. The games were held at Meadow Street Field and White's Field. Approximately 300 men took part in the program. The All-Star game was won by the Recreation League, composed of men of 30 years and older.

Our Junior League Baseball was composed of six teams using Major League Team names. Red Sox were the winners. Over 90 boys were involved in the program. The games were held at the Rutland High School Field Monday thru Thursday, every week thru the summer. This program has increased in the number of boys playing and in the number of teams interested in the League. The age group for this activity is 13 thru 16.

Our Mitey Mite Baseball program is conducted for boys from 8 to 10. This program has continued to gain unbelievable momentum as players and spectators interested have increased tremendously. We conduct two leagues in two different parts of the City which allows more boys to participate. We are extremely pleased with this program, it has achieved the status as a separate league and program from our Midget League. It is in this league that the boys actually learn the game of baseball and the results are shown in the way they perform as Midget Leaguers as

they move on. Approximately 200 boys are involved in this program.

The Summer Basketball League was in operation for the second year. This program has shown a tremendous improvement over last year's. This program takes in boys of High School age. The purpose of the League is to provide the opportunity for our boys to play basketball during summer months. 85 boys took part in the program last year. The games are played at White's Playground Monday thru Friday. The champions were the Green Horde.

The Swimming Pool opened June 16. Something new was tried this year, for the first week all youngsters showing a passing report card were let in free that week. Again the Department sponsored two separate sessions of swimming lessons. The different classes were: Beginners, Intermediates, Swimmers, Junior Life Saving, Senior Life Saving, and Water Ballet Class, Adult Lessons.

The total number of people taking part in the lessons was approximately 8,000. All lessons given at the pool were free of charge. The total number of persons using the pool ran around 40,000. Also conducted this year was a Scuba Diving Clinic which was held on August 1. The Department felt that it was our responsibility to make the children and parents alike, aware of the proper use of such equipment. This equipment is purchased on a large scale and many people have been injured or drowned because they did not know how to use such equipment. Three experts, Howard Minthorn, Edward Ball, and Bill Machepeace, conducted the Clinic for us. Our achievement Day was held on August 3, with exhibitions by all swimming groups showing what they had learned in their swimming lessons. Our swimming team was in operation and meets were held with other communities and they also participated in the State Meet held in St. Johnsbury. This year's Water Carnival was entitled "Alice In Waterland" which was performed August 15. The novelty races were held in the morning for the younger age groups. The water ballet show was also performed by invitation in Proctor and Brandon Training School. Added to this year's program was a City Swim Meet to determine our City Champions.

Tennis—Free Tennis Lessons were conducted again this year for our City Youngsters. Approximately 60 youngsters enrolled in our Tennis Program. Our Adult group met in the evening for lessons. Again three city wide tournaments were conducted and the entrees were doubled. The highlight to our Tennis program was our free clinic which was conducted by William Powers of the Spaulding Advisory Staff. The Courts again were in constant use and the need for more Courts is **very, very** evident.

Boys' elementary Softball League Program was also another successful activity this year with over 150 boys taking part. The games were held at White's Playground after school.

Our Little League Program which is run by the Department and which allows, all the boys between the ages of 10 to 12 to have the opportunity to play Little League baseball. Again this year it was carried out with two Leagues and 12 teams participating. The games were held at Rotary Field and White's Playground Little League Field. Approximately 300 boys took part. The Herald beat the Elks in the World Series which makes it three years in a row that they have been the City Champions.

The Department also provided a Picnic Loan service of which many civil organizations and paternal clubs as well as individuals took advantage.

Every Wednesday evening at the Depot Parking Lot from dusk until 10:30 P.M. our summer Block Dance Program was in operation. The dance drew from 800 to 1,000 dancers and spectators every Wednesday night.

Fall and Winter

Our fall program started off once again with our Flag Football League. This League was for 5th and 6th grade boys and both parochial and public schools entered a team. The league was composed of 12 teams and approximately 200 boys were involved in this program. Northeast won the City Championship and also the second Annual Turkey Bowl Game.

Dog Obedience classes were held Wednesday evening at Rotary. Classes being conducted for beginners as well as advance dogs.

Weight training classes were held for boys and Baton and Cheerleading classes for the girls.

Square Dance Program again proved to be a very popular activity. It started in September and ran thru May. Prominent callers from all over New England and the Middle Atlantic States conducted the dances. A workshop was also held in accordance with this program.

Junior and Senior High School students took part in the Annual Window Painting Contest held in downtown Rutland. The big Halloween Parade, which took a lot of work and effort, was canceled because of rainy weather.

The Adult Basketball League was in operation for the third year. Games were held at Rutland Junior High School, with Palms winning the League and Wilson Sports winning the Round Robin Tourney. Games were played twice a week.

Also held at the High School every Thursday was our Men's Physical Fitness Program which included a wide range of physical

fitness programs. Around 30 or 40 people on a given night would participate.

The Recreation Department is also responsible for the Senior Citizens Program, which includes many parties, picnics, and special dinners.

During the winter months the Pre-Teen Program included parties and dances which were attended by around 100 weekly.

The Grammar School Basketball League for the 5th and 6th grades was held on Saturday mornings during the winter and Junior and High School leagues were held in the afternoon. This program was very well attended.

Santa Claus letters were again mailed out to almost 1,000 children in the City. The Recreation Department again collected toys and distributed them at Christmas to about 100 children and 42 families in need.

The Department operated three City Skating Rinks which were open seven days and seven nights. The Rinks were:

Rotary
White's
Meadow

The highlight of the skating season was the third annual speed skating championship held at Meadow Street Playground.

Women's physical fitness, under Mrs. Eve Bartenstein, was very successful again. The average attendance doubled and at times there were 80 or more ladies taking part.

This winter Mr. Edwin W. Lawrence had the vision to see the need for a Community Center for the City and graciously bought the Mead Community House and turned it over to the City to be used by the City for the Recreation Department to provide recreation for the youth and people of the City. With the new Center a long range program has started and it is the feeling of the Superintendent and the Department that we should slowly and gradually develop the Center to its total capacity. Started last year was the girls' physical fitness. Classes for girls in the 5th and 6th grade met on Monday after school, the 7th and 8th grade met on Wednesday. The daily attendance for these sessions would average 100 girls or more. The young ladies learned poise, folk dancing, calisthenics, as well as many healthful games. We experimented with a session of round dancing which proved to work out well.

Also a Chess class was held during the winter here at the Center.

This fiscal year continued to show some improvements in our Department:

One New Lawn Mower

All fields improved and two diamonds cut out (one) at Meadow Street and (one) at White's Little League Field.

Rotary Field House and the Recreation Center was loaned to different groups for private affairs, when available. The Superintendent was a guest speaker before local groups explaining his Department and its programs during the year.

SUMMARY

The physical needs of the Department still include:

- One New Swimming Pool (LARGER)
- Additional Tennis Courts
- Additional Playground Equipment
- One New Truck
- One New Trailer

The Superintendent wishes to express his appreciation to the Mayor and the members of the Board of Aldermen as well as the Citizens of the City of Rutland for their co-operation and encouragement. I would like again to thank publicly the members of my small staff and Mr. Edwin W. Lawrence for his generous gift to this Department and I will do all within my power to justify the faith placed in me. I will do my best to make the Center a Hub of Activities for the City.

Respectfully submitted,

JOHN W. GIOFFREDI, *Superintendent,
Recreation and Parks Department.*

Airport Commission

*To the Honorable City Council
of the City of Rutland, Vermont:*

During the 1962-1963 fiscal year an important decision involving the future of the Rutland Airport and of scheduled airline service to this area through that airport was made by the Civil Aeronautics Board in the New England Regional Airport Investigation case, which had been before it on its own motion for over a year.

This case grew out of the submission to the Civil Aeronautics Board by the New England Council of a Master Plan for the Development of Regional Airports in New England under which, if it had been accepted by the Civil Aeronautics Board and made effective, the Rutland Airport would not have been designated as a Regional Airport for continued air service by Mohawk Airlines but air travellers to and from Rutland would have been required to seek all such air travel service at either the airport in Glens Falls, New York or the one in Lebanon, New Hampshire.

During the course of the proceeding Mohawk Airlines stated on the record that Rutland should continue to receive air service, but it took no position as to whether it should be provided at the Rutland Airport or the airport at Glens Falls.

The Civil Aeronautics Board Examiner in an initial decision rendered on April 19, 1963, concluded that public convenience and necessity required the continuance of airline service by Mohawk Airlines to the Rutland area through the Rutland Airport. That decision was confirmed by the Civil Aeronautics Board on August 5, 1963.

Your Airport Commission, with the very able assistance of Honorable Richard F. Sullivan as City Attorney and also as counsel for the Commission and of Vermont State Aeronautics Commissioner Edward F. Knapp and of the Rutland Chamber of Commerce, participated in these proceedings on behalf of the City of Rutland. Further steps will now be taken by the Airport Commission looking toward the improvement in the scheduling of airline service to the city and the promotion of air travel so as to insure the retention of this important transportation medium for the city and the surrounding area.

In addition to the scheduled air service offered by Mohawk Airlines, the Rutland Airport also accommodates a very considerable amount of private business and pleasure air travel, both of

which are of great importance to the economic wellbeing of the city and the area surrounding it as well as to the businesses which are here. Following is a record of the use of the scheduled airline facilities at the Rutland Airport for the past four years:

(It should be remembered that during this four-year period Mohawk served Rutland only since September 11, 1961. Prior to that time our service was rendered by Eastern Air Lines.)

	Fiscal Year Ended June 30			
	1963	1962	1961	1960
Passengers enplaned.....	993	1,052	1,025	1,574

DONALD C. NOYES, *Chairman*
PETER VAL PREDA,
ALBERT A. CREE.

Civil Defense

*To the Honorable City Council,
Rutland, Vermont*

I hereby submit a report of the activities involving the Civil Defense Department for the year ending June 30, 1963.

Thru the generosity of the City of Rutland and the Rutland Free Library, Civil Defense Headquarters has been established in the Library basement. Complete renovation of these rooms was necessary.

There are at present 19 licensed Public Fallout Shelters throughout the City and 12 have been stocked with food, water, sanitation kits, medical supplies and radar instruments.

Ten classes for Survival Training with approximately 800 citizens enrolled were conducted and five Medical Self Help classes were attended by approximately 400 people.

Training schools for Auxiliary Police and Auxiliary Firemen were sponsored.

Rutland participated in a National Alert on June 25th, 1963 which was considered successful.

An appropriation of \$4,000.00 was budgeted for Civil Defense operations. The largest expenditure was the renovation of the headquarters in the amount of \$2,666.31. Other expenses were: moving office equipment and furniture from Madison Street School to Meldon School and then to the present location at the library at a cost of \$187.35. Cartage of supplies to Fallout Shelters was \$84.28, phone, lights, heat and office supplies amounting to \$357.11, making a total expenditure of \$3,295.05. A balance of \$704.95 remains.

Without the cooperation of my staff members, these Civil Defense activities could not have been accomplished.

I wish to thank his honor, the Mayor, the City Council, and all City Officials for their assistance and cooperation.

Respectfully submitted,

BUTLER L. WARD, *Director,*
Rutland City Civil Defense Dept.

Pension Board

To the Honorable City Council:

Gentlemen:

The net cost of the City Pension Plan for the fiscal year ending June 30, 1963, was \$31,397.62. The amount of \$13,324.78 was paid to pensioners and \$18,072.84 to the Connecticut General Life Insurance Company.

Since the start of the plan, January 1, 1938, eighty-one have been retired of whom thirty-five are deceased.

As of June 30, 1963, there are one hundred four contributing members.

The budget requirements for the fiscal year beginning July 1, 1963 will amount to \$38,000.00.

Respectfully submitted for the Committee,

FRANCIS L. ROBILLARD,
Chairman.

Assessors' Office

To the Honorable City Council:

Gentlemen:

The following report from the Assessors' Office is respectfully submitted.

Since the legal voters of the City of Rutland abolished the Quadrennial Appraisal in 1958 your Assessors have worked diligently on an equalization program. It is with pleasure that this Board can report that all the Real Estate in the city has undergone a revaluation change to bring about the equalization system now present. With necessary changes that are needed annually to keep this equalization program in order we feel every taxpayer in the city is being treated alike—just—and fair.

In closing, your Assessors want you, the taxpayer, to know that if you are not satisfied then neither are we. We become satisfied with a job well done when every single taxpayer feels he or she is treated equally.

Our endeavor, "To do unto others as we would have done unto us."

In closing we would like to express our appreciation for the courtesy and cooperation we have received from the Mayor, City Council, all department heads and from all the taxpayers.

Respectfully submitted,

JOHN D. PISANELLI, *Chairman*
ROBERT W. FOX,
RAYMOND H. SHAW.

Board of Zoning Adjustment

August 19, 1963

To the Honorable City Council,
City of Rutland, Vermont.

Gentlemen:

I hereby submit to you the annual report of the activities of the Board of Zoning Adjustment for the year 1962-1963.

Our meetings have averaged two and three a month all year, many of them have been for consultation and inspection of the properties or objects in question. The Board as a whole or in part has made several investigations on the questionable issues.

We are very grateful to Roy Rotella, Building Inspector and Zoning Administrator for the help and assistance he has given at all times.

In closing we wish to express our appreciation and thanks for the courtesy and cooperation we have received from the Honorable Mayor, the members of the Board of Aldermen and the City Officials.

Respectfully submitted,

MARY V. QUIGLEY,
Secretary.

Library Treasurer

July 11, 1963

Honorable John J. Daley
Mayor of Rutland
Rutland, Vermont

Dear John:

I am happy to enclose to you the financial report of the Rutland Free Library Association, Inc. covering the period from July 1, 1962 to June 30, 1963.

May I take this opportunity to express to you and to the members of the Library Committee as well as the Board of Aldermen as a whole my sincere appreciation of the cooperation of all of you in helping our Library Association give increasing service to the people of Rutland.

Sincerely,

E. P. SHAW,
Treasurer.

encl.

City Treasurer

August 21, 1963

To the Honorable City Council,
Rutland, Vermont.

Gentlemen:

I present herewith the 1963 annual financial report setting forth the financial position of the City of Rutland at the close of the fiscal year ended June 30, 1963.

All debt service requirements of the City were met promptly during the year. Serial bonds totaling \$260,000 were retired. Payments of \$17,960.13 were also made on the direct reduction loans of the Parking Meter Fund. Combined interest payments on the bonded debt amounted to \$76,774.25 of which interest amounting to \$27,832.00 was paid on outstanding school construction bonds.

GENERAL FUND: This fund is financed by revenues from general property and poll taxes, licenses, permits, fines, revenues from other agencies, charges for current services, and other miscellaneous revenues.

During the fiscal year ended June 30, 1963, revenues actually received were \$17,596.51 more than budget estimates, and expenditures were \$65,130.22 less than budgeted appropriations.

The Budgetary Accounting system has been an important factor in the city ending another year with a sizeable surplus because of a control of appropriations and expenditures.

SCHOOL FUND: During the fiscal year ended June 30, 1963 revenues actually received exceeded budget estimates in the amount of \$19,695.06 and expenditures were \$22,012.06 less than budgeted appropriations. As at June 30, there was an unappropriated surplus in the amount of \$47,634.08.

BOND FUNDS: All bond proposals were defeated at the last city election. The unexpended cash balance in bond funds amounted to \$24,221.06 as at June 30, 1963.

The combined balance sheet presented as Exhibit A is intended to present an overall view of the financial position of the City as at June 30, 1963.

Summary statement of cash receipts and disbursements presented as Schedule 1, summarizes the activity of the various funds during the fiscal year ended June 30, 1963.

Respectfully submitted,

W. J. SIMONDS,
City Treasurer.

Auditors' Report

CITY AUDITOR'S OPINION AND REPORT

September 30, 1963

*To the Honorable City Council,
City of Rutland, Vermont.*

Gentlemen:

Your Auditors have made an examination of the accounts and financial records of the Treasurer of the City of Rutland, Vermont for the period July 1, 1962 to June 30, 1963.

This examination was made in accordance with generally accepted auditing standards and accordingly includes such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

We found the accounting procedures recommended by the State Auditor and adopted by the City have been followed. The books of the City Treasurer show the City's financial condition as of June 30, 1963 and the result of operation for the fiscal year.

Respectfully submitted,

/s/ Francis E. Sanborn
